In Shades of Death, Rick and Lo try to protect a reality TV star better known for her selfie pictures on Twitter than her acting ability. She's run afoul of a world class financier disrupting economies in countries, ordering deaths, and owning politicians everywhere. He thinks he's above any law until he crosses Rick and Lo. The clash between Cantelli-land and the Jorge Boros Empire draws out an old card from the deck in the person of Faruk Ezon, a world class assassin from the Madigan/Cantelli team's old CIA days. With movie premiers, gangbangers, serial rapist problems, and a deadly threat from their Sana'a, Yemen embassy shootout, Rick and Lo are right back where they belong, locked and loaded.
