

I love my wife. I really love my wife. I also love Sofia Vergara, Tera Patrick, several other porn stars, glamorous and famous women all over the world, bikini women from rap videos and commercials, and that hot chick from the train this morning. -But I married my wife. I married my wife because thats who I want to spend my life with, and thats who I want to share my life with. Id like to share Tera Patrick with her too, but thats not happening... yet. Im writing this because weve been married for 5 years, and yet it seems like I just started to love her. I cant believe its already been 5 years because Im still excited to see her everyday, to kiss her everyday, and to wake up next to her everyday. Sometimes people ask me why were together (were very different) and my answer is that Im in this marriage not for what I get out of it, but more about who I get to be in it for her. I get to be the guy who hears her stories from work, and I get to be the guy who buys her ice cream. I get to be the guy who she makes plans with, and I get to be the guy who she needs to fix the computer. I get to be the guy who cleans the kitchen after she â€œexperimentsâ€• in it, and I get to be the guy who â€œexperimentsâ€• on her. I get to be the guy whose arms she cries in, and I get to be the guy who makes her laugh open-mouthed. I also get to be the guy who tells her publicly how much he loves her and porn stars at the beginning of the same book. Who wouldnt want to be that guy?
